

Weatherization Assistance Program

The program focuses on making your home more energy efficient **at no cost to you.**

Typical measures installed through the Weatherization Assistance Program may include but are not limited to the following:

- Health and safety measures-carbon monoxide detector installation and testing of gas appliances, assurance of indoor air quality standards
- Ceiling, floor and duct insulation
- Duct leakage sealing (return and supply systems)
- Shell infiltration, sealing-replace broken windows, replace exterior doors and windows, weather stripping, caulking, evaporative cooler covers, etc.
- Insulation of water heater and water heater pipes
- Installation of low0flow shower heads
- Minor home repairs to facilitate the installation of weatherization materials
- Heating and cooling system repairs/replacements
- LED Light Bulbs
- Refrigerators
- Washers

Private Homeowners/Renter may apply; DVHA Home Ownership Program Projects may apply (**excluding NV 6-21 project**). **NEVADA RESIDENTS ONLY**

DOES NOT APPLY TO ANY DVHA LOW INCOME RENTAL TENANTS OR CRATER VIEW TENANTS OR NV 6-21 HOME BUYERS.

You may request an application to be mailed to you from our office, or you can download it from the DVHA website. Once the application has been completed and all required documentation submitted, DVHA will send applications to RNDC where a determination of eligibility will be done. Once you have been approved for the program, housing staff from the RNDC office will contact you when an inspection date for your home becomes available.

If you need further assistance, please contact Mary @ (775) 757-3589 ext. 106 or email: mary@dvhousing.org
